

Living Room Decoration Ideas

It is important that your living room looks the best as this is the place where you entertain your guests and socialize with your family members. Here we have listed certain do's and don'ts that you must consider while decorating your living room.

Pick the most stylish yet functional furniture item.

Make sure that the furniture items are a proper fit on the rug.

Put furniture away from walls to create good conversation areas.

Have proper lighting system in place by adding overhead and ambient lighting.

Choose pillows thoughtfully to enhance overall look of the room.

Do's

Don't ignore the importance of having dimmer switches in your living room's lighting system.

Do not opt for small piece of artwork or hang them too high.

Do not use too many throw pillows as it may give the room a cluttered look.

Do not skimp on the size of curtains, drapes and rugs.

Do not clutter the room with too many items. Living room should be spacious.
